- Online Registration

1st-12th grade: \$400 per student

FINANCIAL INFORMATION

Registration: Registration fees are one-time payments turned in with the student application. Registration fees are non-refundable at any time. **Registration fees are not one per family, but one per student.** Registrations will be considered firm only when all registration fees are paid and the online application is completed. Entrance exams are required for new students, and so this must be completed as well before a student is considered fully registered.

Tuition: Tuition is divided over the two semesters and is to be paid at the beginning of each semester. Semester tuition payments are due by the first day of class and may be mailed, dropped off, or automatically deposited via automatic bill pay with your bank. Exceptions to semester tuition payments will be considered and planned on an as-needed basis. Tuition is a full year commitment which we offer in two semester payments for the benefits of families who cannot pay in a lump sum. *Since we build our budget and hire teachers based upon expected tuition income, parents are responsible for the full tuition, even if a child voluntarily withdraws mid-year.*

Families will be responsible for supplying their students with their own books and class supplies for all courses, with exceptions.

Entrance Exams are required for all NEW incoming students. See the entrance exam schedule and schedule an exam at SequiturBR.com>HowCanIApply?

Class Sizes are Very Limited and Capped so register and schedule an entrance exam soon. Depending on re-enrollment by current students, some classes may not have open seats for the 2018/2019 school year.
